“I'm glad that my doctor recommended that I obtain treatment at Dynamic Physical Therapy in Franklin Square. Both Michael Hadjiyane, PT, and John PJ Smith, PT, have given me excellent physical therapy. They continuously evaluate my progress and develop new therapeutic treatments for my recovery. Their dedicated, personal approach, together with their instructions for at-home exercises, has given me great comfort.”

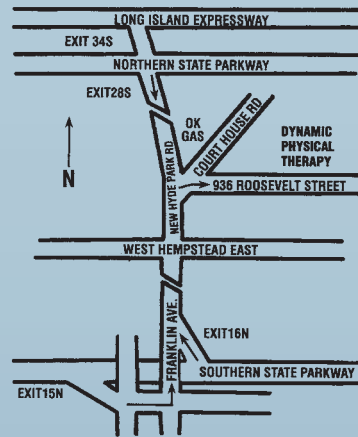

George Rand

“From my first visit to my most recent, I have been treated with the utmost care and patience. The staff is outstanding! My physical therapists were friendly and most knowledgeable. There were even able to recommend a surgeon. I can't thank them enough for helping me recuperate.”
